DESCRIPTION

Foldable PU water bottle with a 500 ml capacity, designed to be lightweight and easy to carry. This unisex model features a squeeze valve for on-the-go drinking and measures 9.5 x 27 cm. The flexible material gives a comfortable grip and is easy to rinse after use. Available in several colour options, it is particularly suited to outdoor activities, sports and events where compactness and low weight are priorities.

The elongated shape and valve make drinking while moving straightforward. The neck includes an integrated protective cap and the overall finish is made for repeated use. When empty the bottle folds down to slip into a pocket or bag for storage.

Personalise this bottle with screen printing on the object — ideal for companies, sports clubs, associations, schools and promotional events. Minimum order: 100 pieces (colours and sizes combined).
