DESCRIPTION

This rigid PVC badge, 12 x 8 cm, is designed for identification at events, trade shows or access control. The flat, durable format attaches to a lanyard via the elongated slot at the top. Its smooth surface is easy to wipe clean and provides a stable base for high-resolution printing. The Badlarge model remains dimensionally stable in regular use.

The rectangular shape with rounded corners and a top-centred slot ensures secure attachment to a lanyard or clip. Made from rigid PVC with dimensions 12X8CM, the badge offers a flat print area ideal for clear graphics. Available in white.
