DESCRIPTION

The Shoetogo shoe bag is a compact travel accessory made from RPET, designed to carry a pair of shoes or toiletries. Its rectangular shape and top zip opening give easy access to contents, while a side carry handle makes it simple to grab and remove from luggage. At 36 x 16 x 16 cm it fits neatly into cabin baggage or a sports bag.

The RPET construction provides a structured feel and durability; visible stitching and the top zip offer reliable everyday use. The photo shows a single-compartment design with a stable base that keeps shoes or personal items organised. Care is straightforward—wipe clean with a damp cloth.

This personalised travel bags item is suited to corporate gifts, clubs, associations and event merchandising. Customisation techniques available: screen printing (object), multicolour transfer, DTF printing and flex. Minimum order: 50 pieces (colours and sizes combined).
