Skross® pro light USB 30W pd

Ref. 2981

Reference	2981
Composition	ABS
Material	ABS
Average weight	0.244
Country of origin	Thailand
Carton	50 pieces

DESCRIPTION

Compact universal travel accessory in ABS for charging devices on the go. The Pro Light Usb Ac30 Pd features a grounded 3-pole universal socket plus two USB outputs — a USB-A (20W) and a USB-C PD (30W) — suitable for powering phones, tablets and other gadgets. Its compact shape and sliding selectors allow you to deploy the correct pins for different regions while keeping the unit easy to pack.

The practical design includes sliding pin mechanisms and discreet technical markings beside the ports. It fits comfortably in a travel pouch and requires minimal care — wipe with a soft cloth and avoid immersion.

Customisation is available by tampography or digital printing for companies, sports clubs, associations, events and corporate gifts. Minimum order: 25 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection in Evere or delivery in Belgium, France and Luxembourg.
