## DESCRIPTION

The Crete sunglasses feature a PC frame with a matte rubberised finish and UV400-protected lenses, suitable for regular outdoor use. Their rectangular shape provides comfortable coverage and the compact dimensions (14.1 x 4.7 x 14.8 cm) make them easy to wear. Polycarbonate construction keeps them lightweight and impact-resistant.

Straight temples with slightly curved tips ensure a secure fit without pressure, while the matte surface reduces tactile shine. The mirrored lenses offer a contemporary look while providing effective eye protection; care is limited to regular cleaning with a microfibre cloth and appropriate lens cleaner.

These personalised sunglasses are available from a minimum order of 125 pieces (colours and sizes combined). They can be customised by digital printing, doming or pad printing to add a logo or design. Suitable for companies, event organisers, clubs and associations looking for a durable promotional item.
