DESCRIPTION

Smartwatch for daily activity tracking and multisport modes, featuring a 1.3" touchscreen, built-in camera and a thermometer for body temperature. Constructed from plastic, PU and metal for a lightweight yet durable feel; electronics include a 3.7 V/240 mAh battery and 128 KB RAM / 64 MB ROM. For care, wipe with a soft cloth and avoid prolonged exposure to water or solvents to protect the screen and finishes.

We offer a custom / personalised smartwatch with logo using laser engraving, ideal for adding a discrete logo to the case or strap. Suitable for companies, sports clubs, associations, schools, youth movements, events and private customers. Our graphic studio can vectorise or retouch your logo ahead of marking.
