DESCRIPTION

The Prixton AT410 activity bracelet is a lightweight accessory made from ABS plastic designed to monitor daily activity: steps, calories, distance, sleep quality, heart rate and blood pressure. Compatible with iOS and Android, it displays smartphone notifications on a 0.96" touchscreen (160 x 80 resolution) and features a battery life of up to 7 days. Its IPX7 rating protects against splashes, making it simple to clean after sporting or everyday use.

Offer this custom / personalised activity bracelet with logo using laser engraving for companies, sports clubs, associations, events or private customers. Our graphic studio can retouch or vectorise your logo to ensure a precise engraving on ABS material.
