Reference	2PA174
Brand	Prixton
Composition	Plastic
Material	Plastic
Average weight	558
Dimensions	22 x 7 x 18 cm
Country of origin	Chine
Carton	20 pieces

DESCRIPTION

The Prixton Delta drone is a lightweight plastic device designed for stable flights with an optical stabiliser and a front collision sensor. Controlled via a mobile app, you can view in real time what the drone records, and it features an emergency stop mode for added safety. Supplied with a remote control, spare propellers, a USB charging cable, screwdriver, manual and carry case, it is easy to transport and maintain; simple cleaning and storage in the case preserve its components.

Offer a custom / personalised drone with logo using our doming and digital printing techniques. Suitable for businesses, clubs, associations, events and private customers looking for an original promotional tool. Free weekday quotes and marking quantities are detailed in the quote.
