DESCRIPTION

The Prixton Aloha Pro speaker is a versatile ABS-plastic device that can operate as a single 30 W unit or split into two independent speakers, allowing the same music to be played on both for a surround effect. With a short full charge time of 2 to 3 hours and around 5 to 6 hours of listening time, it suits events, parties and mobile use. The ABS housing is easy to care for with gentle cleaning to maintain appearance and longevity. Its compact, practical design makes it convenient to transport and deploy.

For a custom / personalised speaker with logo we offer laser engraving, tampography, doming and digital printing to apply your logo or artwork. Perfect for companies, clubs, associations, events and private individuals who want promotional items, member gifts or bespoke presents with a professional finish.
