| **Country of origin** | China |
| **Carton** | 200 pieces |

## DESCRIPTION

Compact locator in ABS-PC supplied with a PU case and key ring. This smart tracker measures 3.7 x 3.7 x 0.9 cm and is intended to attach to bags, keyrings or equipment; the protective PU casing simplifies handling while safeguarding the device. It features an IP65 rating and works with Apple Find My and Android Find Hub for reliable item tracking.

The PU finish provides a smooth surface with visible stitching around the edge and a sturdy metal ring for attachment. The casing encloses the electronic module while leaving a peripheral area suitable for marking. Lightweight and practical, the unit resists water splashes and is easy to carry daily.

These personalised smart trackers can be finished with doming or pad printing to apply logos or brand marks. Recommended for companies, sports clubs, associations and promotional events. Minimum order: 100 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
