DESCRIPTION

Multifunctional desk accessory in acacia wood, sized 18 x 12 x 21 cm, designed to keep a workspace tidy. The piece pairs a shallow rectangular tray for pens, cards and small items with a vertical post featuring two protruding pegs for hanging keys or jewellery. The visible wood grain and smooth finish suggest easy upkeep — wipe with a damp cloth and avoid prolonged immersion.

Compact yet practical, the tray and peg combination separates everyday items neatly and the rounded edges support comfortable daily handling. There are no delicate closures or moving parts, so it suits regular use on a desk, reception or bedside table.

This personalised desk accessory can be customised by laser engraving or pad printing, making it suitable for companies, clubs, associations and events. Minimum order: 8 pieces (colours and sizes combined). A graphic studio is available to prepare your logo and we provide a free quote within 24 hours on weekdays.
