DESCRIPTION

The Irondle candle holder combines paulownia wood and metal to hold two tealight glasses. Its compact size (19 x 7.8 x 2.5 cm) makes it suitable for tables, buffets and small decorative areas. The wooden base has a natural finish and should be wiped dry or with a slightly damp cloth to preserve the wood grain.

A black metal bracket secures two removable glass cups for the tealights, making cleaning straightforward. The wood–glass–metal mix provides stability and a tidy presentation; indoor use is recommended to avoid moisture affecting the wood.

Customise this candle holder for corporate gifts or events using laser engraving and pad printing. Suitable for businesses, clubs, associations, events and private customers; minimum order 15 pieces (colours and sizes combined). Ideal as a personalised candles and fragrances promotional item.
