Country of origin	China
Carton	25 pieces

DESCRIPTION

The Plati small cutting board is a compact kitchen utensil measuring 29 x 20 x 0.1 cm, made from stainless steel. Its thin profile and textured surface, visible on the photo, make it suitable for preparing small portions or for mobile kitchen use. The stainless finish provides durability and straightforward care: rinse and dry after use.

The board features rounded corners and a large oval carry slot that aids handling and vertical storage. Its slim form allows it to slip into cupboards or between trays, and the textured surface helps prevent ingredients from sliding while cutting. Suitable for professional or domestic kitchens requiring a hygienic, rigid cutting surface.

This cutting board can be personalised by laser engraving to apply a logo, club name or event message. Ideal for companies, sports clubs, associations, schools and private customers. Minimum order: 13 pieces (colours and sizes combined) — smaller quantities may be possible with additional charges. Free quote within 24 hours on weekdays; our design studio can vectorise your logo.
