DESCRIPTION

The Jakarta ballpoint is made from acacia wood for a comfortable, everyday unisex use. Measuring Ø1 x 13.5 cm with a push-button mechanism, this pen is supplied with blue ink and offers a natural wood finish where grain variations make each item unique.

It features glossy chrome fittings, a metal clip and neat detailing at the tip and push button, making it easy to carry in a pocket or notebook. As it is made of wood, avoid prolonged exposure to moisture to maintain the grain and condition of the material.

This personalised pen can be decorated by screen printing, laser engraving or pad printing, suitable for corporate gifts, trade shows, events, clubs and private customers. Minimum order: 500 pieces (colors and sizes combined). Our design studio can prepare your artwork and we provide a free quote within 24 hours on weekdays.
