Reference	3120
Composition	Wood
Material	Wood
Average weight	0.9
Dimensions	15,5 x 23,5 x 7,8CM
Country of origin	China
Carton	15 pieces

DESCRIPTION

The Tucco Set includes a salt mill and a pepper mill in acacia wood mounted on a matching base. Their cylindrical profile and smooth finish provide a natural, comfortable grip suitable for kitchen use or tabletop service. A ceramic grinding mechanism delivers consistent results. Care is simple: wipe with a damp cloth and avoid prolonged immersion to protect the wood.

The pair sits on an oval stand that keeps them organised and on display. Each mill lifts from the base for easy refilling, and the adjustable top lets you set the grind level. The clean, minimalist design fits restaurants, cafés and corporate kitchens.

These personalised kitchen utensils can be branded by laser engraving, screen printing on object or pad printing, making them suitable for corporate gifts, hospitality, clubs and events. Minimum order: 8 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production 10 working days; collection from our Evere workshop or delivery in Belgium, France and Luxembourg. Our graphic studio can retouch or vectorise your logo.
