## DESCRIPTION

The Mytool 13-in-1 pocket multi-tool is a compact stainless steel accessory designed for everyday use. Its ergonomic textured handle includes a carabiner and stores multiple functions — knife, saw, scissors, screwdrivers, bottle opener, can opener, corkscrew and file — in a 9.5 x 3.5 cm format. A polyester 600D pouch is supplied for secure transport. Suitable for field teams, clubs and events requiring a dependable, compact tool.

The metal finish and stainless construction deliver durable performance; the handle has moulded grip areas for secure handling and tidy storage of the tools. Clean with a damp cloth and dry thoroughly after use to prevent moisture in the hinges.

Customisable personalised tool: available marking techniques include laser engraving, pad printing and screen printing on items. Recommended for companies, associations, sports clubs, events and corporate gifts. Minimum order: 40 pieces (colours and sizes combined).

## COLOURS (1)

Black
