Reference	3135
Composition	Neoprene
Material	Neoprene
Average weight	0.115
Dimensions	36 x 26CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Neoprene sleeve designed for a 15" laptop (36x26 cm) with a 3 mm thickness, providing soft impact and scratch protection. The neoprene material gives a flexible, matte feel; the sleeve features rounded corners and a stitched flap for a clean, slim profile that fits easily into a larger bag or can be carried alone.

The top flap closes neatly with stitched edging and contains no metal parts that could scratch the device. The simple construction keeps the sleeve lightweight while protecting the laptop; it is offered in several colours (1 colour available) and sized to accommodate most 15" laptops based on the stated dimensions.

This product can be branded as a personalised sleeve using suitable object techniques: screen printing, multicolour transfer, DTF printing and flex. Ideal for companies, sports clubs, associations, events and individual customers. Minimum order: 50 pieces (colours and sizes combined).
