Country of origin	China
Carton	50 pieces

DESCRIPTION

Compact tubular powerbank in recycled aluminium designed to recharge devices on the go. The Powertube model measures 2.8 x 2.8 x 18.5 cm, offers 5000 mAh capacity and PD 20W output. It features a USB-C and USB-A output plus a USB-C input; an integrated USB-C cable is included. An on-device battery display and a control button make operation straightforward. Available in several colours, for example black, matte silver and navy.

The photo shows a slim cylindrical profile with a handy carrying strap, a matte aluminium finish and rounded edges. Ports and the display are located on the top face for easy access, and the aluminium housing gives the product a solid feel in everyday use.

Promotional personalisation available by laser engraving or pad printing. Minimum order: 25 pieces (colours and sizes combined). Well suited for companies, trade shows, clubs and associations looking for a personalised powerbank for events, client gifts or promotional campaigns. Free quote within 24 hours on weekdays; in-house graphic studio can vectorise or retouch your logo.
