DESCRIPTION

The Hublue 5-in-1 aluminium keyring is a compact accessories for phones designed for on-the-go use: it combines USB-A and USB-C connectors to provide charging and data transfer functions while acting as a small hub. Constructed from aluminium for a sturdy feel, it measures 20CM in total length and is available in several colours such as Black and Silver.

The attached image shows the neat metallic housing and the multiple braided cables that emerge from the block, ending in various connectors and a keyring for easy attachment to a bag or key set. The four outputs allow simultaneous connection of multiple devices, and the cable arrangement gives flexibility and straightforward storage.

This personalised accessories for phones can be customised by digital printing, doming, laser engraving or pad printing. Suitable for companies, clubs, associations and events looking for a useful promotional item. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays.
