DESCRIPTION

The cover is polyester with a PU finish and includes a practical handle; a replaceable 1200 mAh battery and USB-C charging cable are supplied. Compact dimensions (22 x 22 x 10.9 cm) make it easy to store in cabin luggage. Suitable for adults, the half-ring profile cradles the neck during flights or car rides.

The pillow has an adjustable chin strap to keep it in place and tidy stitching for long-term wear. The cover feels supple yet durable for regular use; the removable battery and discreet control panel are positioned for convenient operation while travelling.
