Country of origin	China
Carton	70 pieces

DESCRIPTION

The Slice chef's knife is a stainless steel kitchen utensil designed for both professional and home kitchens. The 30.5 x 4.5 cm blade provides a straight cutting profile, paired with a beech wood handle for a secure, comfortable grip. A kraft sheath and point protector are included for safe transport and storage.

The product shows a clean join between blade and metal ferrule and a plain wooden handle with practical, no-nonsense finishes. Regular drying after washing will help preserve the wood and stainless steel. The item is offered in several colour variants (e.g. silver); please note the minimum order quantity: 35 pieces (colours and sizes combined).

Customisation is available by laser engraving or pad printing, suitable for adding a logo or text. Ideal for companies, restaurants, catering schools, associations and promotional events — we provide a free weekday quote and in-house artwork support to prepare your print.
