DESCRIPTION

This adjustable PET microfibre headband is designed for skincare use: a wide cut (65 x 9.5 cm) that keeps hair and ears clear, with a soft, absorbent surface that is easy to care for. The hook-and-loop fastening lets you adjust tension for a comfortable fit; the Cinta model is suited to salons, spas, home care or beauty events.

Finish details include neat stitching and reinforced edges for improved durability; the band fastens with a wide Velcro patch for quick on/off. Available in several colours — for example white — and intended as a reusable accessory for skincare routines.

Customise as a personalised care headband using embroidery, screen printing on objects, multicolour transfer, DTF printing or flex. Ideal for companies, beauty salons, clubs, associations and promotional events. Minimum order: 100 pieces (colours and sizes combined).
