Reference	3166
Composition	ABS
Material	ABS
Average weight	0.032
Dimensions	7 x 2.95 x 1.25CM
Country of origin	China
Carton	300 pieces

DESCRIPTION

This 4-digit combination padlock, made of ABS with a metal shackle, is TSA-approved and designed for securing luggage while allowing authorised inspections. Its compact dimensions (7 x 2.95 x 1.25 cm) and recessed numeric dials are visible on the product image, and the ABS body provides a lightweight yet sturdy feel. The mechanism is straightforward to set and use.

The small footprint and four-number code make it suitable for suitcases, cabin bags and sports bags. The smooth surfaces and inset dials protect the digits from accidental knocks and make the lock easy to handle. Low maintenance: wipe clean and periodically check the combination.

This personalised travel accessory can be customised by digital printing, doming or pad printing. Ideal for companies, clubs, associations and events. Minimum order: 150 pieces (colours and sizes combined); smaller quantities can be produced with additional fees. Free quote within 24 hours on weekdays; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
