Reference	3170
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.313
Dimensions	13 x 17,5CM
Country of origin	China
Carton	16 pieces

DESCRIPTION

Double-wall vacuum insulated tumbler in recycled stainless steel, 500 ml capacity, model Aland with an integrated handle and a tall, slim profile. Designed for everyday use at the office, on the go or at events. The lid includes a PE straw and the cup features a visible stainless rim near the opening. Minimum order: 8 pieces (colours and sizes combined).

The slender shape makes it comfortable to hold and generally fits most cup holders. The straw lid allows sip-without-tilt drinking and reduces spills, while the handle provides a secure grip. Hand washing is recommended to preserve the marking and finish. Available in several colours, for example black, navy blue or beige.

Have this personalised tumbler decorated by laser engraving, screen printing on objects or pad printing. Suitable for companies, sports clubs, associations, events and corporate gifts. Free quote within 24 hours on weekdays; our graphic studio can vectorise or retouch your logo before production.
