Material	ABS
Average weight	0.17
Dimensions	16 x 1.3 x 14 CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

The Dock3 foldable 3-in-1 is a compact ABS wireless charging station combining a dual-coil smartphone charger (up to 15 W), an Apple Watch-style charging pad and a TWS earbud charging area. It features a built-in phone support that holds devices upright or flat, and folds flat for transport or storage. Its dimensions make it suitable for desks and bedside tables, with a smooth ABS finish that is easy to wipe clean.

The pictured unit shows a flat base with a defined charging zone for the phone and a hinged upright section that serves as the stand, with the watch charger positioned near the top. Power is supplied via USB-C and a USB-A to USB-C cable is included. The foldable design reduces footprint when not in use and keeps cables tidy.

Order a personalised wireless charger by digital printing or pad printing to promote your business, outfit clubs or associations, or provide event giveaways and corporate gifts. Minimum order: 20 pieces (colours/sizes combined) — smaller quantities possible with additional fees. Free quote within 24 hours on weekdays; our studio can vectorise or retouch your logo. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
