Country of origin	China
Carton	10 pieces

DESCRIPTION

The Novix backpack for 15" laptops is made from RPET with a rigid EVA front and a capacity of about 15L (29 x 14 x 40 cm). Its rectangular, slim profile suits daily professional use: padded back panel and shoulder straps deliver comfortable carrying, the hard front adds protection, and a top carry handle offers easy handling. The RPET surface is simple to wipe clean.

The pack includes a padded compartment for a 15" laptop, a lateral mesh pocket for small accessories and a rear zipped pocket for quick-access items. Full-length zips allow convenient access; clean stitching and understated finishes make it suitable for corporate settings. Available in several colours.

Customisation available by screen printing on objects. Ideal for companies, sports clubs, associations, schools and individuals wanting a personalised backpack. Minimum order: 6 pieces (colours and sizes combined); free weekday quote.
