DESCRIPTION

Set of 2 Bogota Set coffee glasses in borosilicate glass (120 ml each), fitted with a walnut sleeve that improves grip and offers slight thermal insulation. The glasses have a low, rounded profile and measure 6.5 x 6 cm, making them suitable for espressos and small servings. The borosilicate construction gives good thermal resistance and a clear finish that showcases the drink.

The walnut sleeve wraps the mid-section of each glass and appears neatly fitted, providing a comfortable hold and a warm tactile contrast to the glass. The rim is smooth for pleasant drinking and the slightly thick base adds stability. Hand washing is recommended to preserve the wooden sleeve.

Ideal for businesses, cafés, associations and events. Customisation techniques available: laser engraving and pad printing. This item cannot be ordered per piece: minimum order 9 pieces (colours and sizes combined).
