Double wall mug coffee filter

Ref. 3209

Reference	3209
Composition	Stainless steel
Material	Stainless steel
Average weight	0.383
Dimensions	12 x 14CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

This double-walled stainless steel mug, model Cafetito, holds 450 ml and features a broad, ergonomic handle and a durable matte finish suited to everyday use. The double-wall construction helps retain heat while keeping the exterior comfortable to hold. A leak-resistant lid and the included reusable coffee filter make it convenient for commuting or office use. Dimensions: 12 x 14 cm.

The lid design reduces the risk of spills and the handle provides a secure grip. The stainless steel surface is easy to maintain with rinsing after use and cleaning as recommended. The mug is offered in several colours (e.g. black) and is sold with a minimum order of 15 pieces (colours and sizes combined).

Personalise this personalised mug using laser engraving, screen printing on object or pad printing — techniques adapted to metal surfaces. Ideal for companies, sports clubs, associations, events and individuals. Free quote within 24 h on weekdays and our design studio can retouch or vectorise your logo.
