Country of origin	China
Carton	60 pieces

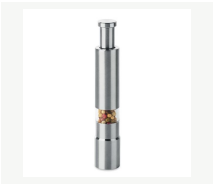

DESCRIPTION

The Pressy manual spice grinder is a stainless steel kitchen utensil designed for grinding salt, pepper and small spices. Its slim cylindrical profile and an acrylic window let you check the contents and refill level. Compact dimensions (Ø2.6 x 15.3 cm) make it comfortable to hold and suitable for kitchen and tabletop use. Clean by hand to protect the grinding mechanism.

The stainless steel body provides a discreet, durable finish while the top push mechanism ensures consistent grinding. The clear acrylic section makes it easy to see how much remains and to refill; overall construction is practical and intended for regular use in catering or domestic settings.

Customisation options include laser engraving and pad printing, making this personalised kitchen utensil suitable for businesses, restaurants, clubs, associations, events and private orders. Minimum order: 30 pieces (colours and sizes combined). Our studio can vectorise your logo and we provide a free quote within 24 hours on weekdays.
