Portable coffee machine

Ref. 3228

Reference	3228
Composition	ABS
Material	ABS
Average weight	1
Dimensions	DIA7.2*20.9CM
Country of origin	China
Carton	4 pieces

DESCRIPTION

The Porto portable coffee maker in ABS is designed for espresso from ground coffee or Nespresso®-compatible capsules. This unisex, compact unit (DIA7.2x20.9 cm) features a 1,800 mAh rechargeable battery and USB-C charging; 40 W power. Note that it requires hot water to be added by the user as there is no internal heating element. Suited to mobile use at the office, while travelling or at events.

The cylindrical design includes a transparent lower reservoir showing the 90 ml capacity and a central body with easily accessible control buttons. The unit disassembles into several parts (cap/capsule holder, reservoir) to simplify filling and cleaning. Made in durable ABS, its compact dimensions fit most bags and cup holders.

Personalise this personalised tea and coffee item using tampography or screen printing on items, both appropriate for ABS surfaces. Recommended for companies, sports clubs, associations, events and private individuals. Minimum order: 2 pieces (colours and sizes combined); free weekday quote available.
