Ref. 3239

Reference	3239
Composition	ABS
Material	ABS
Average weight	0.08
Dimensions	5.8 x 0.9CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Magnetic wireless charger in ABS with up to 25W output and a USB-C input. Compact dimensions (5.8 x 0.9 cm) and a fixed 1 m USB-C cable make it a practical, low-profile accessory that attaches to compatible phones via the built-in magnet; a metal ring is included to fit non-magnetic devices. The ABS housing is durable and easy to wipe clean.

The round, smooth design fits well on desks or in bags for everyday use. The fixed cable means you always have the lead attached, though it cannot be quickly disconnected. Check your phone's magnetic compatibility and charging specifications to ensure optimal performance.

Customisation available by pad printing or digital printing. Minimum order: 50 pieces (colours and sizes combined). Suited to companies, events, clubs and associations looking for a useful giveaway, or for bulk orders from individuals. Free quote within 24 hours on weekdays; standard production under our usual conditions.
