DESCRIPTION

The NU® cap is a unisex, stretch polyester 6-panel cap designed for everyday wear. It features a mid-profile shape with a curved peak and a three-layer structured front panel for a clean, stable silhouette. Cool & Dry and ActiveGuard™ technologies improve moisture management and freshness. The fabric shows a dense, smooth knit with good shape retention. Available in sizes S/M and L/XL and in 1 colour (BLACK).

Practical details include the pre-shaped peak and structured front that prevent collapse and maintain a consistent look. The polyester/viscose-like blend with elastane provides light elasticity, suitable for both active use and casual urban wear. Care is straightforward—follow the label instructions for synthetic fabrics.

This personalised cap can be ordered from a single piece and is suitable for companies, sports clubs, associations, events and private customers. Customisation options include embroidery, screen printing transfers, MSO transfer, DTF printing and flex (heat transfer).
