DESCRIPTION

The Sublimatt MO6117 is a frosted borosilicate glass mug with a 300 ml capacity (Ø8 x 9.5 cm), designed for daily use in offices, clubs or events. Its straight profile and rounded handle provide a comfortable grip; a special coating makes it suitable for sublimation and ensures crisp results. Suitable for hot and cold drinks; follow manufacturer care instructions.

The matte finish and uniform wall give a reliable surface for decoration. The model comes in several colours (e.g. white, transparent) and is supplied in batches: minimum order 12 pieces (colours and sizes combined).

Customisation available by sublimation, screen printing (object) and pad printing. Ideal for promotional mugs, corporate gifts, association events or retail. YourVisualHere offers a graphic studio to vectorise or retouch your logo, free quotes within 24 hours on weekdays, standard production 10 working days, collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
