DESCRIPTION

The Bayba Clean rectangular cutting board in bamboo is designed for kitchen use: chopping vegetables, food preparation or serving cheeses and canapés. Measuring 24.5 x 17.5 x 1 cm, it features two rounded edges that improve handling and a solid thickness for everyday use. Bamboo provides a warm, natural surface that is easy to maintain; wipe dry after use and avoid prolonged soaking.

A convenient hanging hole is positioned in one corner for tidy storage. The edges are subtly rounded and the finish highlights the bamboo grain. The model is offered in several colour options.

This personalised cutting board can be marked by laser engraving (lasergravure / laser engraving), suitable for adding a logo or short text for companies, sports clubs, associations, events and private gifts. Minimum order: 18 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production and collection or delivery options available.
