Terracotta 3 herb pot set

Ref. 6145

Reference	6145
Composition	Terracotta
Material	Terracotta
Average weight	0.16
Dimensions	6 x 19 x 5 CM
Country of origin	Netherlands
Carton	40 pieces

DESCRIPTION

Set of three small terracotta garden pots designed for growing kitchen herbs such as mint, parsley and basil on a windowsill or countertop. Each pot is made from terracotta, a natural material that helps root aeration and suits compact herb plants. The supplied dimensions make them convenient for everyday culinary use; maintenance requires moderate watering and placement adapted to each herb.

The classic tapered shape and understated finish make these pots practical for home kitchens, offices or event displays. Their size simplifies handling and potential replanting, while the visible terracotta surface provides a durable, natural look for indoor use and, depending on climate, occasional outdoor placement.

Customize the set with laser engraving, pad printing or digital printing to create promotional gifts for companies, clubs, associations, events or individuals. Minimum order: 20 pieces. A good option for personalised garden pots to showcase your logo or message.
