DESCRIPTION

Small terracotta plant pot (6 x 5.5 x 5 cm) supplied with a soil tablet and Red Poppy seeds. The traditional pot shape and porous terracotta material are suitable for indoor sowing or to complement an outdoor bed depending on local climate. Easy to care for: water sparingly and place in a bright spot; terracotta promotes natural evaporation and healthy root growth.

The compact packaging makes it convenient for distribution at events or as a giveaway: tidy, lightweight and simple to handle, perfect as a promotional gift or for educational purposes. Its small size keeps shipping and display practical.

Customize this pot in runs: personalised plant pot using laser engraving, pad printing or digital printing. Minimum order 60 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and a graphic studio to prepare or vectorise your logo. Suitable for companies, sports clubs, associations, schools, events and private customers.
