Ref. 6200

Reference	6200
Composition	Bamboo
Material	Bamboo
Average weight	0.005
Dimensions	8.5 x 5.5 x 0.13CM
Country of origin	China
Carton	1500 pieces

DESCRIPTION

RFID-blocking bamboo card in credit-card format, designed as a compact travel accessory. It protects 13.56 MHz cards (bank cards, transport passes) from electronic skimming while remaining slim and unobtrusive. Made from natural bamboo with a 1.3 mm thickness and rounded corners, the card slips easily into a wallet or cardholder and offers a smooth, natural finish.

Measuring 8.5 x 5.5 x 0.13 cm, the card is lightweight and discreet; the thin profile adds virtually no bulk. The flat, even surface ensures clear marking and retains enough rigidity for everyday handling. The natural grain of the bamboo gives a subtle, tactile quality without affecting the marking area.

Customisation options include pad printing (tampography), digital printing, doming and laser engraving, making this product suitable for companies, sports clubs, associations, events and private customers. Minimum order: 750 pieces (colours and sizes combined). Request a free quote within 24 hours on weekdays; our design studio can vectorise or refine your logo. This personalised travel accessory is ideal for promotional gifting and branded giveaways.
