Average weight	0.063
Dimensions	6 x 9 x 2CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

A pack of 54 playing cards made from recycled paper, compact size (6 x 9 x 2 cm) in a matching cardboard box. Lightweight and portable, suitable for poker, blackjack, solitaire and other indoor games. The recycled paper gives a matte, natural feel — keep cards dry to preserve their condition.

The flat box protects the deck and makes storage simple. Cards feature rounded corners and direct printing on the paper for a clean, eco-friendly look. The standard format is practical for repeated use in clubs, events or as a corporate giveaway.

These personalised playing cards can be produced using digital printing, doming, pad printing or screen printing on objects, depending on the finish required. Minimum order: 100 units (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; standard production applies, with express option for items in stock; collection at our Evere workshop or delivery in Belgium, France and Luxembourg. Our graphic studio can vectorise or retouch your logo. Ideal for companies, associations, clubs and events.
