DESCRIPTION

This repair kit for bicycles is a compact, practical accessory for riders. Housed in a rigid PP box, the set includes a spanner, two tyre levers, adhesive, valve caps and tubes, a rasp and repair patches—everything needed to fix a puncture or minor issue while out cycling. At 12 x 9 x 2.8 cm it slips easily into a saddlebag or backpack and the polypropylene construction keeps it lightweight and easy to wipe clean.

The transparent case offers clear visibility of the contents and secures each tool during transport. The low-profile closure and tidy layout make storage straightforward in a workshop, vehicle or kit bag. Designed for everyday use, this kit suits leisure cyclists, clubs and technical teams who need a reliable, easy-to-store repair solution.

This personalised repair kit can be branded by digital printing, doming or pad printing to suit your campaign. Ideal for businesses, sports clubs, associations, events and individuals looking for a practical promotional item. Minimum order quantity: 80 pieces (colours and sizes combined). Our graphic studio can prepare or vectorise your logo prior to production.
