DESCRIPTION

The Dublin Tone ceramic mug is a straight-sided stoneware cup with a 300 ml capacity and dimensions Ø8 x 9.5 cm, supplied in a presentation box. Its simple silhouette and generous handle make it comfortable for everyday use in offices, retail environments or at events. The stoneware finish gives the mug a sturdy feel; care instructions depend on the chosen marking method.

The mug comes in several colour options, such as black, royal blue or beige, and suits flat printing on the outer surface. Note that pad printing on ceramic is not wash-resistant; sublimation or a ceramic transfer is recommended for a more durable print.

Customisation available from 12 pieces: we offer screen printing on objects, pad printing or sublimation to achieve the desired result. Suitable for companies, associations, clubs and event giveaways; our graphics studio can retouch or vectorise your logo and include the marking details in the quotation.
