DESCRIPTION

Bookmark made from sustainably harvested paper, containing Pinus nigra seeds that can be planted after use to grow a new tree. Compact dimensions (15 x 5.5 x 0.2 cm) make it a practical accessory for office, school or event use. The item is paper-based and includes a cotton cord for easy placement and handling.

A small wooden charm is attached to the cord and holds the seeds, making them easy to locate and plant; seeds are supplied separately. Keep dry before planting. The bookmark is available in several colour options and offers a simple, natural finish suitable for everyday use.

Customisation available via screen printing (screen printing) on the object; ideal as corporate gifts, event giveaways, for clubs, associations or individuals seeking a personalised bookmark. Minimum order: 500 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo and we provide a free quote within 24 hours on weekdays.
