DESCRIPTION

Compact gardening set in paper including a small paper pot, a peat pellet, black pine seeds (Pinus nigra) and a gift-style carry box. The Growtree™ model is designed for simple urban gardening: sow the seeds, water and the tree will grow roughly 30 cm per year. Size 7 x 6.5 x 13 cm, made in the EU and easy to store or ship. Low maintenance: water regularly after germination and repot when the root plug requires it.

The box features a handle and self-closing top; the paper cup serves as the initial growing container. Components are neatly presented, making the set suitable for CSR campaigns, events, associations or customer giveaways.
