DESCRIPTION

Wooden fan with a cork leaf, model Fanny Cork, designed for outdoor events. The cork is a 100% natural, FSC®-certified material that gives a textured, natural finish while keeping the fan lightweight thanks to its wooden ribs. Suitable for promotional use at fairs, outdoor gatherings or hospitality events.

Opened dimensions (23 x 42 x 4.8 cm) provide a comfortable grip and practical handling. Cork's porous surface means print results can vary between items, which is normal for this natural material. This is a non-textile product with visible wooden assembly and a natural finish.

Customisation available by laser engraving or pad printing, recommended for companies, clubs, associations, events and private customers looking for a personalised fan. Minimum order 50 pieces (colours and sizes combined); free quote within 24 hours on weekdays and an in-house artwork studio can prepare or vectorise your logo.
