DESCRIPTION

Compact Grow Me notepad in grass-based paper, designed for everyday desk use. It includes a larger pad of repositionable sheets plus three small sticky-note pads (50 and 25 notes depending on the version) within a soft, plantable cover made from cultivation paper. Size: 10 x 7.2 x 0.9 cm; natural feel and a rustic appearance, low maintenance for a practical desk item.

The soft cover contains a selection of wildflower seeds: once the pads are used up, the cover can be planted to give the item a second life. The repositionable sheets make it easy to write reminders, stick them down and reorganise without damaging surfaces. Flat, space-saving format that fits neatly on a desk or in a bag.

Customisation is possible by pad printing (pad printing) on the cover or spine — ideal for businesses, associations, schools, clubs and events looking for an eco-friendly promotional gift. Available in 1 colour (for example white). Minimum order quantity: 68 pieces (colours and sizes combined).
