Carton	200 pieces

DESCRIPTION

The Armphone + neoprene armband is designed for sport and fitness use: a unisex, adjustable fit with a transparent touchscreen window and compatible with smartphones up to 6.5 inches. Neoprene provides a comfortable, flexible feel and easy care, while reflective details increase visibility during low-light runs or gym sessions. Its compact dimensions (45 x 18.5 x 0.4 cm) keep it unobtrusive yet practical.

The strap fastens securely and adjusts to different arm sizes to stay in place during jogging or workouts. Reinforced stitching around the edges improves durability and the front window allows touchscreen use without removing the phone. The construction tolerates sweat and can be wiped or hand-washed for maintenance.

Order this personalised armband with screen printing for companies, sports clubs, associations, events or promotional campaigns. Minimum order: 100 pieces (colours and sizes combined). Our studio can prepare or vectorise your artwork and the marking will be itemised in the quote.
