## DESCRIPTION

The Precise bamboo kitchen scale is a compact accessory for everyday cooking and food preparation. The flat bamboo platform (23 x 16 x 2 cm) provides a natural finish and supports weights up to 5 kg. As a natural material, bamboo may show slight variations in colour and grain between items. The scale requires 2 AAA batteries (not included) and features a digital display with simple touch controls for accurate measuring.

The bamboo surface should be wiped clean with a damp cloth and not immersed to protect the wood. The front panel houses the display and two touch buttons, remaining usable when weighing bowls and containers. Its slim profile allows easy storage in a drawer or on a shelf.

We can personalise this item by laser engraving or screen printing to add your logo. Suitable for companies, sports clubs, schools, associations and promotional events. Minimum order: 12 pieces (colours and sizes combined). Personalised kitchen scale.
