DESCRIPTION

This 500 ml sodocalcic glass bottle has a slim, cylindrical profile (Ø6 x 22.5 cm) designed for easy carrying. A bamboo cap gives a natural finish and a TPU loop allows you to carry the bottle or attach it to a bag. The bottle is leak-proof and not suitable for carbonated drinks. As bamboo is a natural material, slight variations can affect the final decoration.

The clean, simple design makes filling and cleaning straightforward. The transparent body provides a smooth area ideal for clear decoration, while the bamboo lid may show small colour and size variations. Note that the product is not intended for sparkling beverages.
