DESCRIPTION

One-compartment lunch box in PP with a 700 ml capacity, designed for taking homemade meals to work or on picnics. Its compact rectangular size (16x11x5 cm) and polypropylene construction make it lightweight and easy to care for; the included knife and fork are made from the same material. Practical to carry in a bag and suitable for a range of everyday uses.

The snap-on style lid and a wide elastic strap that holds the cutlery to the side make it user-friendly and help prevent loss of utensils. The single compartment simplifies filling and washing, while the solid build stands up to regular handling.
