DESCRIPTION

Stainless steel mug with a 350 ml capacity, designed for taking your coffee or tea on the go. This unisex, single-walled mug comes with a silicone lid and silicone elements for improved grip; note that single-wall construction allows some heat transfer. Dimensions Ø8x11 cm and available in several colours (for example Black).

The mug's compact tapered shape makes it easy to hold and store. The silicone lid provides a secure closure while travelling and the silicone sleeve offers extra grip. Handwashing is recommended due to the single-wall design.

Personalise this personalised mug using laser engraving or pad printing — suitable for companies, clubs, associations, events and corporate gifts. Minimum order: 23 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
