Carton	24 pieces

DESCRIPTION

The Manila bamboo pen holder is a compact cubic desk accessory (8.2 x 7.9 x 9.8 cm) designed to store pens, pencils and small office items while displaying time, date and ambient temperature on an integrated digital module. Made from natural bamboo, individual items may show slight variations in colour and grain that can affect the finished decoration.

The open-top design makes access effortless and the inset digital display gives clear readings. The holder ships with two batteries; its clean edges and natural finish highlight the wood’s texture without unnecessary details.

This personalised desk accessory can be customised by laser engraving for precise marking or by pad printing depending on the placement and effect required. Ideal for companies, clubs, associations and promotional events — minimum order: 12 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo prior to production.
